

# Parachute Ignition

Brought to you by: ondra6ak [ondra6ak@mlab.cz](mailto:ondra6ak@mlab.cz)

System for igniting parachute cull when altitude starts to drop

## Specifications

Specification	Value	Unit	Note
Operating Voltage		V	
Power Consumption		mA	
Dimensions	50.0 x 45.0 mm	width x length	

## Description

### Mechanical construction

### Component placement

\$bom

### First power up

### Programming
